TSK
Growth through innovation

DIGITAL INNOVATION

02

High value-added solutions to improve our customers' value chain and optimize their performance, based on enabling technologies under the scope of Big Data, Internet of Things, Artificial Vision or Virtual Reality.

Through digitization, we help our clients to generate new business models through the transformation of their offer into services, increasing their flexibility.

 # Our team

DIGITAL INNOVATION

Our team consists of more than 50 professionals.

We offer information technology services to the entire group (systems, ERP, OT cibersecuriy).
